

Victron EV Charging Station

Brand	Victron Energy
Model	EV Charging Station
Category	EV Charging
SKU	VIC-EV-CS
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Victron White Front for EV Charging Station NS

Brand	Victron Energy
Model	EV Charging Station NS White Front
Category	EV Charging Accessories
SKU	VIC-EV-CS-NS-FRONT-WHITE
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Victron Phoenix Charger 24/25 (2+1) 120-240V

Brand	Victron Energy
Model	Phoenix Charger 24/25 (2+1) 120-240V
Category	Battery Chargers
SKU	VIC-PHOENIX-24-25-3
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Victron Phoenix Smart IP43 Charger 24/16(3) 230V

Brand	Victron Energy
Model	Phoenix Smart IP43 24/16(3) 230V
Category	Battery Chargers
SKU	VIC-PHOENIX-SMART-IP43-24-16-3
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Victron Blue Smart IP22 Charger 12/15(1) 230V CEE 7/7

Brand	Victron Energy
Model	Blue Smart IP22 12/15(1) 230V CEE 7/7
Category	Battery Chargers
SKU	VIC-BLUESMART-IP22-12-15-1
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 120kWh Powerhub Storage System HV Incl AC & FS

Brand	Sunsynk
Model	Powerhub 120kWh HV
Category	Energy Storage Systems
SKU	SYN-POWERHUB-120KWH-HV
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 25kW 3P Hybrid HV Inverter (Single 50A Input)

Brand	Sunsynk
Model	25kW 3-Phase HV Hybrid
Category	Hybrid Inverters
SKU	SYN-HYB-25KW-3P-HV
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 16kW 1P Classic Max Hybrid Inverter LV + Dongle

Brand	Sunsynk
Model	16kW Classic Max LV
Category	Hybrid Inverters
SKU	SYN-HYB-16KW-1P-CLASSIC-MAX
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 3.6kW / 3.84kWh 1P Loadshedding 4 LV

Brand	Sunsynk
Model	Loadshedder 4 LV
Category	Integrated Backup Systems
SKU	SYN-LOADSHEDDER4-3.6-3.84
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 5.12kWh X Series LV Battery IP65 (100Ah)

Brand	Sunsynk
Model	X Series 5.12kWh LV IP65 100Ah
Category	Batteries & Storage
SKU	SYN-XBAT-5.12-100
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 5kW 1P Compact Hybrid Inverter LV
5K-SG04LP1-EU-SM2

Brand	Sunsynk
Model	5K-SG04LP1-EU-SM2
Category	Hybrid Inverters
SKU	SYN-HYB-5KW-COMPACT-SM2
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 8kW 1P Compact Hybrid Inverter LV 8K-SG05LP1-EU-SM2

Brand	Sunsynk
Model	8K-SG05LP1-EU-SM2
Category	Hybrid Inverters
SKU	SYN-HYB-8KW-COMPACT-SM2
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 3.6kW / 3.84kWh 1P Powerlynk X LV

Brand	Sunsynk
Model	Powerlynk X 3.6kW / 3.84kWh LV
Category	Integrated Backup Systems
SKU	SYN-POWERLYNK-X-3.6-3.84
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

C/Over 2kW 1P 10A DB AC

Brand	MicroSec Selected
Model	2kW 1P 10A AC Changeover DB
Category	Protection & Distribution
SKU	AC-COVER-2KW-1P-10A
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

C/Over 4kW 1P 20A DB AC

Brand	MicroSec Selected
Model	4kW 1P 20A AC Changeover DB
Category	Protection & Distribution
SKU	AC-COVER-4KW-1P-20A
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 10kW 1P Lynks Pro LV IP65 (Export Function & Twin MPPT)

Brand	Sunsynk
Model	Lynks Pro 10kW 1P LV IP65
Category	Hybrid Inverters
SKU	SYN-LYNKS-PRO-10KW-1P
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 12kW 3P Lynks Pro LV IP65

Brand	Sunsynk
Model	Lynks Pro 12kW 3P LV IP65
Category	Hybrid Inverters
SKU	SYN-LYNKS-PRO-12KW-3P
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 16.07kWh X Series LV Battery IP65 (300Ah)

Brand	Sunsynk
Model	X Series 16.07kWh LV IP65 300Ah
Category	Batteries & Storage
SKU	SYN-XBAT-16.07-300
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 2.5kW / 2kWh 1P Loadshedding 2 LV

Brand	Sunsynk
Model	Loadshedder 2 LV
Category	Integrated Backup Systems
SKU	SYN-LOADSHEDDER2-2.5-2
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 3.6kW / 3.68kWh 1P Lifelynk LV (LIFE3.6HYB02)

Brand	Sunsynk
Model	LIFE3.6HYB02
Category	Integrated Backup Systems
SKU	SYN-LIFELYNK-3.6
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 5.5kW Classic Hybrid Inverter LV + Dongle SG01LP1

Brand	Sunsynk
Model	SG01LP1 5.5kW Classic
Category	Hybrid Inverters
SKU	SYN-HYB-5.5KW-CLASSIC-SG01LP1
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 6kW 1P Mobile Lynks Hybrid LV

Brand	Sunsynk
Model	Mobile Lynks 6kW 1P LV
Category	Hybrid Inverters
SKU	SYN-MOBILE-LYNKS-6KW
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 8kW 1P Acure Hybrid LV Inverter White

Brand	Sunsynk
Model	Acure 8kW 1P LV White
Category	Hybrid Inverters
SKU	SYN-ACURE-8KW-1P-WHITE
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk Klik Dongle - Battery Interconnection Accessory

Brand	Sunsynk
Model	SSKLIKACC01
Category	System Monitoring & Comms
SKU	SYN-KLIK-SSKLIKACC01
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk 8kW 1P Lynks Pro LV IP65

Brand	Sunsynk
Model	Lynks Pro 8kW 1P LV IP65
Category	Hybrid Inverters
SKU	SYN-LYNKS-PRO-8KW-1P
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.

Sunsynk LV Contour Trolley 1kW Continuous Output / 2kWh Storage

Brand	Sunsynk
Model	Contour Trolley 1kW / 2kWh
Category	Portable Backup Power
SKU	SYN-CONTOUR-1KW-2KWH
Availability	Nationwide South Africa

Technical review before installation

Final system compatibility, battery/BMS communication where applicable, cable sizing, protection, earthing, installation environment and commissioning settings must be verified for the exact installation and applicable SANS requirements.
